In order to create a safe experience on Zoom meeting, NYCCC will:

1. NYCCC host will be recording the program. The recordings will not be posted online and only used for security and resource purposes.
2. **A parent must be in the room at the beginning and at the end of a call.** This is our check in and out process.
3. **Parents should remain in the same room** with their children when they are on the call. Do not leave your children in front of the computer alone in an isolated room.
4. Parents are requested to ensure that the call be played on computer/device with speakers instead of earphones/headphones.
5. The NYCCC Gatherings are not permanent to facilitate chat rooms. Parents will be required to check in their children in each Zoom Gathering. Hence, children will not be able to join a NYCCC's Zoom Gatherings outside our pre-set program time.
